

Retrospective Sprint 2

Learn

- Dashboard / User stories
- User story / context
- Content / user stories / context
- Collaboration

Looked

- Azure deployment
- Azure deployment
- Last minute deployment

Longed for

- I will
- More time for the class
- Less time spent on other classes
- Less financial obligation (ifc)
- More deployment
- More time for deployment script setup

Action

- Deploy day where we all get together and deploy
- Keep up the collaboration

3/6/24
